HEY BOOMERS!

Spring has almost sprung (see below), and there's a blooming good time to be had in this issue of your thriving STC.

Spring-cleaning duties await Sonic when he visits a building full of cobwebs and ghosts in the spooky story *The House On The Hill*.

Tails discovers life in the Scorched Zone when he rescues

a pensive penguin in the torrid tale *Desert Fbx*.

Despite the season, there's a chill in the air at Castle Frank N. Stein. The prof's patents are coming to visit and the mere thought has sent a shiver down his spine. Find out how he copes in *Decap Attack's Mother story*.

Discover, too, the terrors of the deep in part one of the Double Sonic story *Taking The Plunge*. You'll be amazed at all the fishy goings on!

Megadroid

TIME FLIES On Sunday, 29 March

Spring officially begins on the above date, so seize the chance to alert those forgetful-adult-humes with a reminder to put those clocks forward an hour.

You can let them think it's for their benefit, Boomers, but we know different! After all, it means you get your copy of STC 127 in accelerated time - a full sixty minutes early! Now that's worth watching out for!
